D. BACKGROUND AND EXPERIENCE	
Please briefly present the partner organisation.	<p>The "James Joyce School" is a High School Specializing in Foreign Languages and Human Sciences. It is located in Ariccia, a city near Rome. It is a public, secular and pluralist school, attended by 1.200 students, more or less, distributed in 58 classes and aged from 14 to 19 years old. There are more than 130 teachers. It is a young school with an intercultural vocation that aims to educate through inclusion inside and outside the school. It has offered families a training agreement based on participation and the assumption of educational co-responsibility since 2000, with a linguistic and socio-psycho-educational orientation. The name "James Joyce" confirms the international profile of the studies. In this perspective, in 2002, the school established the ESABAC course section, and in 2017 it obtained the Cambridge International School Registration with the introduction of new subjects in our Cambridge Curricula, just like Geography, Biology; Chemistry and Global Perspectives.</p>

<p>What are the activities and experience of the organization in the areas relevant for this application?</p>	<p>The mission of our institute is to project our students towards an artistic, cultural, political, social and human horizon that starts from the local and reaches the global reality including the constitutive values of the European Union. As a High School specializing in foreign Languages and Human Sciences, it has always involved its students in Diplomacy Projects, creating a collaboration with many Embassies that are in Rome. Furthermore students experience frequent Exchanges with other European Schools in Germany, Spain, France, Denmark, Hungary.</p> <p>Besides the traditional courses above mentioned, there is the project of giving students the opportunity to study English as a linguistic vehicle to learn scientific subjects. It is based on the strengthening of subjects such as Maths, Computer Technology, Natural Sciences, Chemistry, Biology and it is known as Bio-Scientific High School specializing in Foreign Languages. Mention must be done of the participation of 20 students chosen among the ones attending the 5th classes, who take part in the ABE (Amgen Biotech Experience) activities between the end of January and the start of February every year.</p> <p>Since 2020 the James Joyce school has started three different Erasmus+ projects, two as coordinator and one as partner. They were KA226, KA229 and KA220 projects dealing with blended teaching and learning, environment actions and digital literacy. Recently our school has been involved in Sustainability and Environment Defence: by incorporating sustainability and zero waste practices, our school can play a major role in protecting the planet while educating and inspiring students to be responsible citizens.</p> <p>Furthermore since 2019 the James Joyce school is member of the European Student Council that takes place every year in Strasbourg and it's an e-Twinning project. Finally, our school has become an Erasmus+ accredited school since 2023 working on different students' mobilities and teachers training.</p>
<p>What are the skills and expertise of key staff/persons involved in this application?</p>	<p>The teachers and the staff are used to working on different topics in different European languages and they are always involving their students in many projects to motivate them in social issues and to give them the opportunity to growth as European citizens.</p> <p>As regards the teachers involved in this project, they are:</p> <ul style="list-style-type: none"> - Prof. Mastrofrancesco Carla (English teacher, Jointly Responsible of the International Projects – Erasmus +, eTwinning - Commission, Member of the IGCSE) - Prof. Quagliari Barbara (English teacher, Chief of the Clil, Jointly Responsible of International Projects Commission - Erasmus +, eTwinning) - Prof. Scordo Cinzia (Italian and Latin teacher - Erasmus+ eTwinning member) - Prof. Ciliberti Maristella (French teacher – CDI member – Erasmus+ member) - Prof. Piersanti Laura (Human Science Teacher and IGCSE Teacher in Sociology) - Prof. Marconi Augusta (Natural Sciences Teacher, member of the IGCSE Commission, Member of the International Projects – Erasmus +, eTwinning - Commission) <p>These teachers, supported by the technical and administrative staff of the school are already involved in some national and International Projects.</p> <p>Erasmus+ Projects: SAve the Nature, Save Your LiFE 2020-1-IT02-KA229-079285 Blended Learning 2020-1-IT02-KA226-SCH-095643 Globe Project 2021-1-ES01-KA220-SCH-000027716 Peerco Project 2024-1-ES01-KA220-SCH-000244626</p> <p>eTwinning Project: European Student Council in Strasbourg since 2019</p>
